

Course Goal Setting

The purpose of this exercise is to discover what you expect to achieve in this class and whether or not your goals match the ones the instructor has set for this course. (It is taken for granted that you want to fulfill the core or major requirement and get a good grade, so please do not include those goals in this list.)

1. What are the 3-5 most important goals/objectives you hope to accomplish by being in this class?

YOUR GOALS IN THIS CLASS	Rank	Matches	Does not Match

2. Rank your goals according to how important they are to you (#1 is most important, #5 is least important)
3. After listening to the instructor's presentation of her goals, put a check-mark under the "matches" column if one of yours is similar to the ones she lists and a check-mark under the "does not match" column if one of your goals is not listed by the instructor.
4. Suggest goals for the class that are important to you but have not been listed by the instructor. Ask the instructor to explain why her goals are important and how they may enable you to achieve your goals.
