

## **Policy on Reporting for Grant Projects**

It is the responsibility of the principal investigator to fulfill the reporting requirements according to the schedule set by the funding agency as part of the award.

A copy of the report (e.g., interim, annual, final) should be copied to the Director of Sponsored Research and the Senior Accountant, Controller's Office.

For projects funded by the National Science Foundation, see the NSF *Grant Policy Manual*, Chapter III "Grant Administration" at:
