## Full-Time Residency Pathway Three-Year Plan

Each year, the Cleveland Clinic offers a limited number of residency positions for qualified applicants. Residents complete three CPE units over the course of one year (August to August), working 40 hours per week, Monday through Friday, with regular weekend and evening on-call shifts. Residents receive a stipend for the year. Applicants must have completed one unit of CPE before beginning their residency. Applications are due in December.

### YEAR 1

(beginning 2023, 2025)

- |             |  |
|-------------|--|
