

Agenda for UCEP meeting
Wednesday 1/27/2021
Virtual meeting 9:00am - 10:00am

Proposed Meeting Outcomes:

1. Determine the fate of “Undecided/Undeclared” majors.
 2. Approve next steps for the new course descriptions.
 3. Identify policy implications for “double-dipping” between programs.
-
- General announcements:
 - Major Declaration/Internal Transfer implementation committee constituted and currently meeting.
 - Transfer Credit policy updated to include changes required by DoE.
 - Review and approve meeting minutes from [December 9, 2020](#).
 - Revisit recommendation to change “Undecided/Undeclared” major to “Exploratory”.
 - [Course Descriptions sub-committee report](#). New descriptions have been drafted using feedback from department chairs. Implementation will happen alongside a move to 4-digit course numbers.
 - Discuss policy implications/needs for “double-dipping” credits, i.e. courses that count for more than one credential. What is a reasonable amount of overlap between programs?
 - Should we limit the number of courses that can overlap between two majors?
 - How many courses can overlap between a major and a minor? Should students be able to earn an entire minor as a subset of a major?
 - Can you major and minor in the same department?
