Disability-Related Housing Accommodations Request Form

All requests for housing accommodations for students with disabilities will be reviewed by the Housing Accommodation Committee. Students must provide documentation that indicates a diagnosed impairment that is a current substantial limitation to a major life activity as it relates to housing. If this is a new request, please provide current and comprehensive documentation of the disorder from a current treatment/assessment professional that is qualified to make the diagnosis. The Office of Residence Life will determine an appropriate housing assignment based on accommodation approval and availability in housing vacancies. Student Accessibility Services reserves the right to request additional documentation if necessary in order to provide appropriate services.

To request housing accommodations for the first time, Part I must be completed by the student and Part II must be completed by a current treatment/assessment professional. To renew a housing accommodation request, only Part I must be completed by the student. Please complete the necessary part(s) of this form in its entirety.

Upon completion, please submit to:
