**John Carroll University
Honors Project
Carroll Collected Submission Form**

Title of Project: [Click here to enter text.](#)

1. Access: please choose ONE of the following access options:

I grant permission to make my Honors Project available in the Carroll Collected Digital Commons site with permanent online and open access.

I wish to embargo my Honors Project for a period of twelve months before it is accessible online, with the option to renew the embargo indefinitely. I am requesting this embargo because: [Click here to enter text.](#)

Signature of Primary Advisor (necessary only if authorizing embargo)

Date

I wish to place my Honors Project in a dark archive, which may not be accessible to anyone other than the library staff or Director of the Honors Program. I am requesting placement in a dark archive because: [Click here to enter text.](#)

Signature of Primary Advisor (necessary only if authorizing dark archive)

Date

2. Copy Permission: Please choose ONE of the following copy permission licenses to apply to this work (ranked in order from most permissive to most restrictive).

Public Domain: This work is placed in the public domain and the author reserves no rights to the work.

Creative Commons Attribution (CC BY): This license lets others distribute, remix, tweak, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licenses offered. Recommended for maximum dissemination and use of licensed materials.

Creative Commons Attribution-ShareAlike (CC BY-SA): This license lets others remix, tweak, and build upon your work even for commercial purposes, as long as they credit you and license their new creations under the identical terms. This license is often compared to “copyleft” free and open source software licenses. All new works based on yours will carry the same license, so any derivatives will also allow commercial use. This is the license used by Wikipedia, and is recommended for materials that would benefit from incorporating content from Wikipedia and similarly licensed projects.

Creative Commons Attribution-NoDerivs (CC BY-ND): This license allows for redistribution, commercial and non-commercial, as long as it is passed along unchanged and in whole, with credit to you.

Creative Commons Attribution-NonCommercial (CC BY-NC): This license lets others remix, tweak, and build upon your work non-commercially, and although their new works must also acknowledge you and be non-commercial, they don't have to license their derivative works on the same terms.

Creative Commons Attribution-NonCommercial-ShareAlike (CC BY-NC-SA): This license lets others remix, tweak, and build upon your work non-commercially, as long as they credit you and license their new creations under the identical terms.

Creative Commons Attribution-NonCommercial-NoDerivs (CC BY-NC-ND): This license is the most restrictive of the Creative Commons licenses, only allowing others to download your works and share them with others as long as they credit you, but they can't change them in any way or use them commercially.

Copyright: the author reserves exclusive rights to this work.
